**Subject:** Happy Birthday, Danni

Today I was thinking a lot about my little Danni. It was his 23rd birthday and I'm sure he had a good time celebrating with his brother Doogie. I can't believe it's over 7 years since I held him. I laughed as I remembered all his comical little antics and how he enjoyed life through many health problems. It's a lesson he taught me well, but I'm not as good at it as he was.

Happy Birthday, Dan the Man!!! We love you always.....
